

Dees Motorsports gearing up to take on the full ISOC 2016-2017 National circuit

Neil Dees and the crew at Dees Motorsports are anxiously awaiting the kickoff of the winter SnoX season. After a successful season last year, competing primarily in the GNSS Regional circuit and taking home a points championship, Neil will be returning to the track on his Arctic Cat ZR6000r, focusing his efforts on competing in the ISOC Nationals in the transition classes. This will be the 7th year Neil has competed in the sport and the 3rd year racing a full-size sled. He has been working harder than ever to prepare for the upcoming season and to get himself onto the podium!

An important part of each race organization is the team of sponsors supporting them. Dees Motorsports would like to recognize and thank all of their sponsors for being a part of the team this year!

Neil and the team at Dees Motorsports are proud to be sponsored by a group of remarkable sponsors who love racing and the sport as much as we do. We would like to express our gratitude to these great sponsors for everything they do for us throughout the year!

- Herc-U-Lift
- Anderson's Pure Maple Syrup
- Woody's Traction
- FLY Racing
- C&A Pro Skis
- Load Lifter
- Arctic Cat
- Sunoco Race Fuel
- Triple 9 Optics
- Driven Racing Oil
- NGK
