

11/27/2016

And, we are green on the 2016-17 SnoX season! The season kicked off with the 25th annual race at Spirit Mountain in Duluth, MN. With the recent warm temperatures, it was a wonder they were even able to make snow, and incredibly make the biggest track we have seen in Duluth yet! Saturday Neil raced in both Transition classes; the 8-10 class and the 8-12 class. Neil placed 5 & 5 in the first two heats and finished 6th in the 8-12 class, but unfortunately missed the call for the start in the 8-10, so he was forced to try to fight through the LCQ's to attempt to make the finals. In the 8-10 class, he came out strong with the hole shot and didn't look back, coming in 1st across the line. In the 8-12 class, he didn't have as good of a start and finished with a 7th, which wouldn't secure him a spot in the final. Starting off in the back row of the 8-10 final, Neil came out strong in the field of 15 riders and was able to ride through the pack securing a 7th place finish.
