

1/28/2018

During the weekend of January 25-26 Dees Motorsports headed out west to attend the next round of the ISOC Snocross National series in Deadwood, SD. Riders were able to do some hole shot testing on Thursday to try to make adjustments for the change in elevation to try to prepare for their upcoming races. Saturday, Neil competed in the Transition 9-13 class, claiming a 5th and 6th place in his two heats and landing himself a spot in the back row of the final. During the final, Neil fought a hard race running bar to bar with a large pack of sleds, swapping positions throughout the race but eventually time just ran out and he found himself coming across the line in the 10th place position. Even though it wasn't the final results he was looking for, it was a fun race to watch, and Neil surely raced his heart out.
